

# BUYING YOUR VEHICLE WITH A WESCOM AUTO EXPRESS LOAN CHECK

Once you've been approved for a Wescom Auto Loan, you have the option to buy your new vehicle with a Wescom Auto Express Loan Check for fast, on-the-spot car buying.

## 1. PICKING UP YOUR CHECK

Visit any Wescom branch to pick up an Auto Express Loan Check. At this time, we'll also review preliminary loan details with you, including interest rate and term options.

Bring these items with you when picking up your check:

- Valid driver's license
- Proof of insurance

**Important:** If you would like to add a joint borrower to the auto loan, they'll need to apply as a joint applicant. The Auto Express Loan Check will be issued with both names. Please speak with your Wescom Loan Representative for more details on adding an applicant.

## 2. VISITING THE DEALERSHIP

Take the Auto Express Loan Check with you to any California Franchised Dealership.

Make the Check payable to the dealer for the purchase price of the vehicle (up to your approved maximum loan amount and loan-to-value for any vehicle 10 model years or newer and not to exceed \$80,000). Refer to your Auto Express Loan Note for additional terms and conditions.

Endorse the back of the Auto Express Loan Check.

Submit the completed Auto Express Loan Check and instructions to the dealer.

## 3. FINALIZING YOUR WESCOM AUTO LOAN

A member of the Wescom Consumer Loan Servicing team will reach out to you the day the check is submitted.

We'll review your final loan details and provide you final disclosures via DocuSign®, which you can view and complete on your mobile device or computer.
